### 6.1.3 Draw procedure for the formation of groups

Since the composition of the groups must be as international as possible it must therefore be avoided that more than one athlete per NOC is drawn into the same group.

2. Prepare one bowl with numbers of Groups from 1-12.
3. Start drawing by discipline until all athletes from the respective discipline are drawn into the groups in the following order:
  - 3a) GACRO
  - 3b) GT (w)
  - 3c) GT (m)

3d) GA (w)

3e) GR

3f) GA (m)

4. For each of the steps mentioned in 3a) to 3f)

- Draw an athlete from bowl
- Draw a group number from the bowl with group numbers 1-12.
- Continue the same procedure with the athletes from each discipline from 3b) to 3f)
- Should there already be an athlete from the same NOC in the group, draw another group number until it is guaranteed that there is no more than one athlete per NOC in the respective group.

#### **6.1.4 Starting Order**

The Starting Order is drawn electronically 31st August 2018 by the FIG office for each discipline, for each apparatus or exercise. For the Multidiscipline event GA and GR places will be assigned for the group not by name or NOC.

#### **6.1.5 Group representation and names of the groups**

At the YOG 2018 on site in Buenos Aires a meeting will be held with all participants and directed by the FIG Athletes' representative. Each group will choose a captain who will lead and represent the group and act as spokesperson. Each group will discuss and decide the name of the group which must be a well-known multiple Olympic or World Champion of an FIG discipline. The group will also decide the starting order within the group for GA (w), GA (m) and GR on each apparatus.
